A complete, updated safe boating certification course taught in one (8 hour) day. This class includes the newest requirement for towing skiers & tubes. Successful completion will allow the student to purchase a Connecticut Certificate of Personal Watercraft Operation with Waterski endorsement, which enables them to operate any recreational vessel up to 65 feet in length, with some age restrictions for younger operators. An easy to understand classroom format is designed for students age 12 and over. PRIOR TO TAKING THIS CLASS each student should create an account online at <https://www.ct.wildlifelicense.com/internetsales>, and click the START button. Create an account if you don't already have one, and then print the page that includes your Conservation ID number and bring it to class. Once we have entered your score in the DEEP system you will use your account to purchase (\$50) & print the certificate after the class. Students should bring a pen or pencil to class.

If you just need the waterskiing endorsement, go to :
